#### The Night Lodging House. CLOSING MEETING OF THE SEASON.

The last meeting of the Board of Directors of the Night Lodging House Association prior to closing for the season was held at 3:30 o'clock yesterday afternoon at the old Central Guard House, Mr. M. G. Emery in the chair. After an informal discussion as to the amount of practical good work the association had accomplished especially in providing food and shelter to the many poor men who travel to this city from all sections of the country to obtain their pension money and transact other business with the government departments, Mr. A. S. Solomons. vice president of the association, and one of the principal active men connected with it, sub-

A REPORT TO THE PRESIDENT AND BOARD OF stating that the night-lodging house was never in a more flourishing condition than at present, and, if such a thing be possible, has afforded more relief, and done more positive good during the present season now about to close than it has ever done before. "The apparent character of the persons to whom we have afforded an asylum is evidently better than those hitherto cared for, a large number being ex-soldiers and sailors, who came hither to adjust their papers and make claim upon the U.S. government for and make claim upon the U.S. government for pensions. All were extremely poor, and with-out the home afforded by our association they would either have been compelled to return to their far distant homes with their mission unaccomplished, or been degraded by begging for the necessities of life while remaining in our city. A very large majority of the beneficiaries never gave expression of any thanks whatever, or offered to pay back into the treasury, when offered to pay back into the treasury, when they became possessed of money, whatever cost they had entailed upon the association—while the exceptional few could not say enough in praise." The intelligence and fidelity of the new superintendent, Dr. Watkins, is commended, and the receipt of \$100 from the District Commissioners is acknowledged in the report. The following is the summary of lodgers since the house opened for the season on Christmas eve last: December 1878, 245; January, 1879, 900; February, 713; March, 1,093; April, 1,160. Total, 4,111. It is certainly the best Pinafore company of the series that have appeared here, both in acting and singing, and the performance is a more conscientious and genuine rendering of the lines, score and stage business of the opera than with any previous company. In fact, very many of the hits of the piece as we have had it were mere "gags." which we have had it were mere "gags," which though amusing enough, were altogether out of place in Pinafore, which is intended as a rather subtle and refined burlesque upon classic opera, and not as a mere roaring travesty, No little of the remarkable success of the Standard Pinafore is due to the fine vocalization and excellent acting of our Washington favorite, Miss Eva Mills. Of her singing it may be said that it is almost too good for so slight a part as that of Josephine in the bright little operetta, but she gives her best powers to whatever she undertakes, and her steady progress in her profession showes that she is destined to the highest rank in it at no distant day. The closing Pinafore performance to-night will no doubt draw an overflow-

Lizzie testified that Jane threw a half brick at her, striking her on the back of the head. She had been coughing up blood ever since. DEATH.—Charles A. Stuart, son of the late Frederick Stuart, of Washington, died yester-day afternoon at the residence of Mr. Joseph A. Blundon, No. 10 2d street. Sickness.—William Crusoe, a colored man well known to the lumber merchants and builders of the District, and for the past 46 years employed at Libbey's lumber yard, has been attacked with some disease in the head, and it is thought cannot recover. ... PARLIAMENT AND THE QUEEN.-In the British house of commons last night Mr. Dillwyn (liberal) moved that in the opinion of the house it was necessary that the limits of prerogative should be more strictly observed, so as to prevent ministers, under cover of the supposed personal interposition of the sovereign, from withdrawing from the cognizance of the house matters which are properly within the scope of its powers. Mr. Dillwyn, in his speech, pointed out as examples of such matters, the annexation of the Transvaal, the dispatch of the Indian troops to Malta, and the sending of the fleet to the Dardanelles. Mr. Gladstone called attention to the fact that the house had already approved several acts of the government which the motion proposed to censure. He regarded the allegations of the motion untimely and not supported by the fact. A cable dispatch this morning says:-The debate was adjourned for one week. The motion is certain to be overwhelmingly rejected. Much confusion was caused by the motion, which in its original form implied that the queen had acted unconstitutionally, being at the last moment remodeled into a simple vote of censure of the ministers. The original motion would have met with even less support than the present

## CUTICURA

HUMORS OF THE SCALP.

LOSS OF HAIR.

Loss of Hair in thousands of cases is due entirely to some form of scalp disease. Seventy-five percent, of the number of bald heads might be covered with hair by a judicious use of CUTICURA, assisted by CUTICURA SOAP. It is the most agreeable as well as the most effective hair restorer ever produced by man. It is medicional in the truest sense of the word. All others are some oleagenous mixture of poisonous dyes. None but Curicura possesses the specific medical properties that enable it to cure all itching and scaly diseases that inflame and irritate the scalp and hair glands and tubes, causing premature baldness. Medium doses of the Cuticura Resol-VENT will purify the oil and sweat glands of the virus of scrofulous humor of the blood and insure a permanent cure, when taken in connection with the outward application of CUTICURA.

#### SALT RHEUM AND DANDRUFF Cured that several physicians had failed to treat successfully.

Mesers. Weeks & Potter: Gentlemen,—I have had the Salt Rheum on my head and all through my hair, also on my legs, for the past four years, having suffered exceedingly with it. The dandruff failing from my hair was very annoying. I consulted several distinguished physicians in regard to it, and have taken their prescriptions as ordered but did not find any cure and but little relief. I was told by many persons who have the Salt Rheum, and who have been doctoring for years that there was no cure for it; that it was in the blood, and I should always have it, and I was almost inclined to agree with them, but a friend wanted me try Cuticura, made by your firm. I did, and to my astonishmen, in less than three weeks, my head was entirely free from all Salt Rheum and Dandruff, and I cannot see any appearance of Salt Rheum on my person. I think it a wonderful remedy.

Respectfully yours.

GEORGE A. MUDGE.

with one box of CUTICURA.

Messrs. Weeks & Potter: Gentlemen.-I want to tell you what CUTICURA has done for me. About to tell you what CUTICURA has done for me. About ten years ago my hair began falling out, caused by Humor of the Scalp. I tried various remedies, too numerous to mention, without relief, until I began using CUTICUBA, one box of which has entirely cured me and new hair is beginning to grow.

Respectfully, MRS. O. J. ROOT, 897 W. LAKE ST., CHICAGO, ILL., Nov. 13, 1878. We know the above to be true. MARY E. TOWNSEND, 412 W. JACKSON ST. MRS. C. A. GRAY, 341 FULTON ST.

Yours truly,
